

The Open University

Lecturer in Environmental Sciences

Department of Environment, Earth and Ecosystems, Faculty of Science
£37,756 - £45,053 p.a. Ref 9773
Based in Milton Keynes

We are seeking to appoint a Lecturer to contribute to teaching across the broad area of environmental sciences, and to strengthen and enhance the research profile of the Department of Environment, Earth & Ecosystems in one or more of the following areas: microbial ecology, ecohydrology, carbon cycling, biosphere/atmosphere exchange, or other related areas such as biogeochemistry, biodiversity, ecosystems science or ecosystems services.

You will contribute to the design and delivery of OU modules at undergraduate level in Environmental Science, and should have a strong track record in research and demonstrable research impact commensurate with the stage of your career. You must be committed to the principles of equality and diversity in the teaching of science. Experience of online and/or distance education and the management of research staff and budgets is desirable.

For detailed information and how to apply go to www3.open.ac.uk/employment, call the Recruitment Co-ordinator on +44 (0)1908 659 108 or email science-recruitment@open.ac.uk quoting the reference number. Closing date: 20 March 2014 Interviews will be held in early April.

We promote diversity in employment and welcome applications from all sections of the community.
