

**Lecturer/Senior Lecturer in Environmental Sciences or Earth Sciences**

**Department of Environment, Earth and Ecosystems, Faculty of Science**  
**£37,756 - £53,765 p.a. Ref 9925**  
**Based in Milton Keynes**

We are seeking to appoint someone at Lecturer or Senior Lecturer grade to contribute to teaching across the broad area of environmental and Earth systems, and to strengthen and enhance the research profile of the Department of Environment, Earth & Ecosystems in one or more of the following areas: physical geography, palaeoenvironmental/ palaeoclimatological change, ecosystem services, natural hazards, marine ecosystems, science education in Earth and Environmental Science or interdisciplinary science, or other related areas including the adaptation of systems to environmental change and methods for mitigating potential hazards.

You will contribute to the design and delivery of OU modules at undergraduate and/or postgraduate level in Environmental Science and/or Earth Science. You should also have a strong track record in research and demonstrable research impact, commensurate with the stage of your career. You must be committed to the principles of equality and diversity in the teaching of science. Experience of online and/or distance education and working with policy makers, governmental and/or non-governmental institutions are desirable.

For detailed information and how to apply go to [www3.open.ac.uk/employment](http://www3.open.ac.uk/employment), call the Recruitment Co-ordinator on +44 (0)1908 659 108 or email [science-recruitment@open.ac.uk](mailto:science-recruitment@open.ac.uk) quoting the reference number. Closing date: 20 March 2014. Interviews will be held in early April.

**We promote diversity in employment and welcome applications from all sections of the community.**
